

RAIL BOARD FORBIDS STRIKES

NO FUNDS FOR CITY COMFORT STATION NOW

Common Council Puts Off Erection of Building Long Awaited on the Market Square

BOARD OF HEALTH HAS NOT APPROVED LOCATION AS YET

Report of Special Committee on Municipal League Convention Read

CHIEF among the resolutions passed at the special meeting of the common council Friday evening was that cancelling for the present the contract and all proceedings relative to the construction of the comfort station on the market square.

In explaining reasons for halting the work, which has already been started, it was declared that the city is without funds to finance the project and that the proposed location of the building has not met with the approval of the state board of health, in that the building could not be heated and made ready for use this winter. It was suggested that construction be postponed until a later time. The mayor recommended that the proceedings be cancelled and new proceedings started in harmony with the legal limitations controlling matters of this nature.

A resolution to grant the Wisconsin Railway Light and Power company an extension of time in which to lay tracks on Eleventh and Sixteenth streets, because of proposed sewer construction on these streets, was referred back to the committee. The resolution provided that the work should be completed by July 1, 1922.

An ordinance was adopted to limit the weight of vehicles with their loads passing over the La Crosse wagon bridge. In accordance with the ordinance, no vehicle and load may pass over the bridge comprising a weight of over 21,000 pounds.

Open Old Channel

A resolution was adopted granting use of the Jefferson school building for a city station. By a resolution passed at the special session, the dam at Isle la Poudre will be dredged out and opened to allow boat owners a passage to their boat houses.

C. A. McGrady, South Front street, was granted a class "A" beverage permit.

Following the business session the report of the delegates to the Wisconsin League of Municipalities convention held at Janesville was read to the council by Alderman Roelke. The meeting of the league this year was declared to have been the most successful and educational of any held to date. The subjects discussed of La Crosse included the problem of municipal taxation. MRS. GEO. POWELL EXPIRES SUDDENLY AGED SEVENTY-ONE

Widow of the Late Dr. Powell Dies at Her Home in City of Eau Claire

REMAINS WILL BE CREMATED IN ST. PAUL SAYS DISPATCH

Surviving are One Daughter and Three Sons

Friends in the city received word today of the death at her home in Eau Claire of Mrs. George E. Powell, widow of the late Dr. George E. Powell of La Crosse. Death came suddenly. Mrs. Powell was born at Montreal, Canada and was 71 years old. The family lived in La Crosse at the southeast corner of Ninth and Main streets, for many years, during which time Dr. Powell and his brother, Dr. Will Powell, practiced medicine here.

For several years Mrs. Powell had made her home in Eau Claire, with occasional visits to La Crosse. Her husband died suddenly in La Crosse a year and a half ago.

Surviving are a daughter, Mrs. George Claus, and three sons, D. F. Powell of Minneapolis, George E. Powell of Kansas City, and Will A. of Burlington, Texas.

The remains will be taken to St. Paul for cremation. Remains of Dr. Powell were cremated at St. Paul and the ashes strewn on the Mississippi river in compliance with a request of Dr. Powell.

MILWAUKEE BAKERS ANNOUNCE CUT IN PRICES OF BREAD

MILWAUKEE, Wis.—Reductions of approximately ten per cent in the price of bread will be effective in Milwaukee next Monday, according to Joseph Boehman, president of the Milwaukee Master Bakers' association.

The pound loaf, which has been selling for eight cents wholesale will be 7 1/2 cts. while the large loaf, weighing about 1 1/2 pounds, will be ten cents. This loaf has been selling at 11 cts.

According to the bakers, these leaves should retail for eight and twelve cents, as compared to 9 and 14 cents.

The bread reductions come as the result of the lower price of flour.

FALL DOWN CELLAR STEPS IS FATAL TO MRS. PITANN, HOKAH

Mrs. Bertha Pitann, 61 years old, died Friday from injuries received when she fell down the cellar steps of her home, Thursday evening. Her son, returning at night, missed his mother and searching for her found her lying unconscious on the cellar floor.

The broken steps at the top of the flight told the mute story of what had happened. Mrs. Pitann did not regain consciousness and died the next morning. She is survived by a son who lived at home with her and two married daughters in Minneapolis. The funeral was held Saturday afternoon at Hokah.

TEMPEST OVER PAY ENDS IN ARREST OF HIRED MAN, FARMER

The tempest in the temple on the farm of Hubert Hunt, town of Washington, has subsided at least as far as the county court is concerned. On October 27, Hunt was arrested before Judge Brindley and fined \$1 and costs, on charges of Edwin Muske, a former hired man, who alleged that Hunt called him names. Then Hunt got out a warrant for Muske's arrest, declaring that the hired man also had used abusive language in the presence of Hunt and his wife. Muske was arrested Saturday morning and fined \$1 and costs.

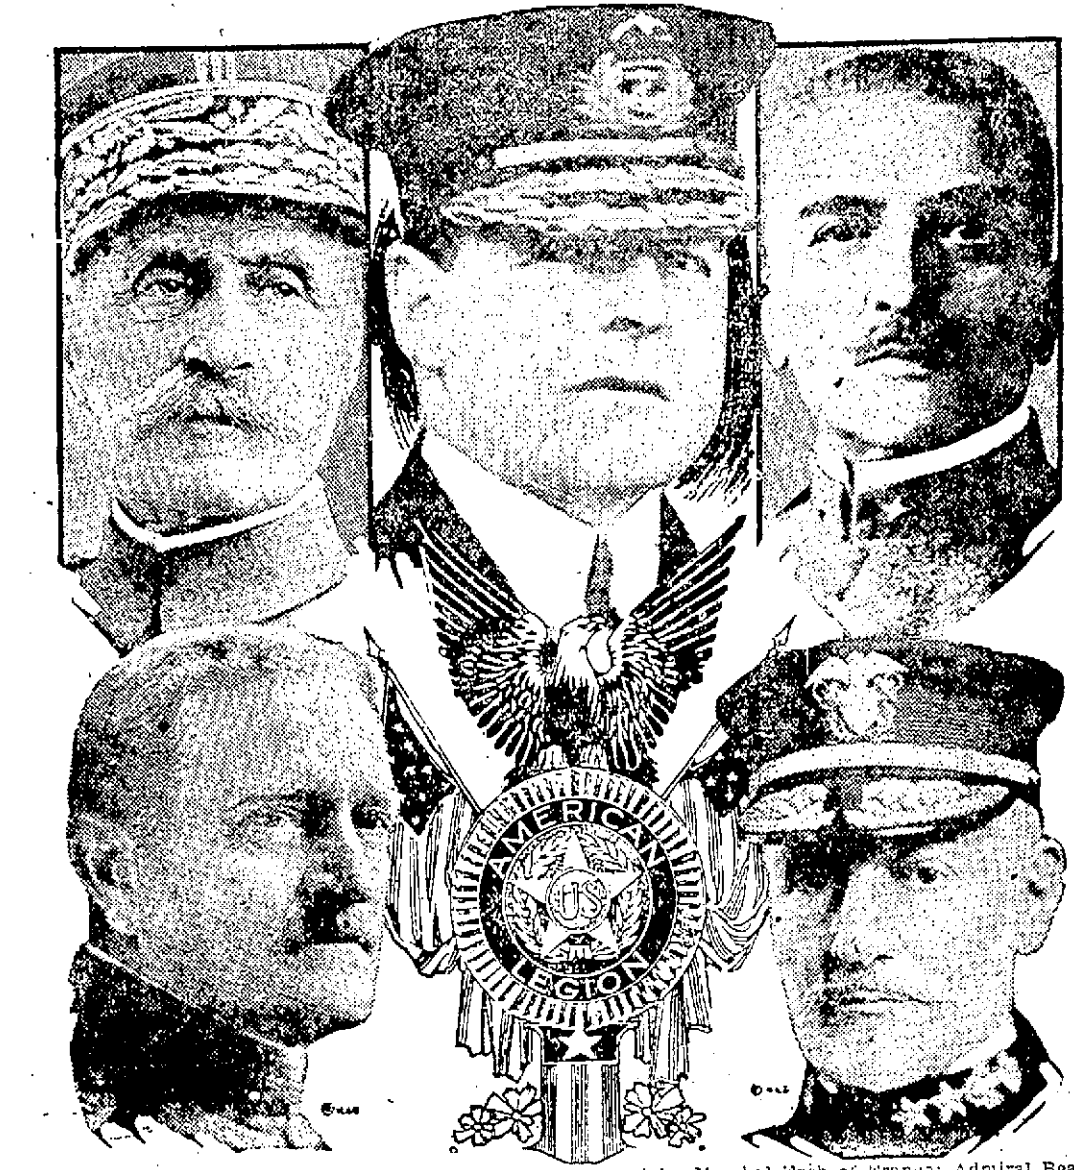

TWO SPEEDERS ARE FINED IN POLICE COURT SATURDAY

Norman Schulze and Leslie Tanke were arraigned in police court Saturday morning on a charge of driving in excess of the speed limit within the city limits. Both were fined \$12.50.

BLANTON APOLOGIZES TO HOUSE MEMBERS

FOCH WELCOMED TO AMERICA TODAY BY PRESIDENT HARDING

Allied Commander-in-Chief Received by U. S. Executive at the White House

FAMOUS VISITOR SURRENDERS TO THE AMERICAN DRY LAW

Will Use no Wine or Liquor While in this Country

WASHINGTON, D. C.—President Harding, acting for the American people, Saturday formally welcomed Marshal Foch to the United States.

Accompanied by a squadron of cavalry and a company of infantry, the marshal arrived at the White house at 10 o'clock. Crowds gathered along the driveway through the White house grounds gave him a rapturous greeting. The president, attended by his military and naval aides, received the marshal in the blue room.

The president and Marshal Foch conversed with each other for some time. Ambassador Jusserand, acting as interpreter. The president tendered to the marshal a warm welcome on behalf of the American people and told the military leaders that France occupied a large place in the hearts of the people of the United States.

Praises American Army

Leaving the White house Marshal Foch called on Vice President Coolidge, who greeted the distinguished visitor as "the man who saved both France and America." The vice president received the marshal, his aides and party, in the vice president's room off the senate chamber.

Marshal Foch returned Mr. Coolidge's greeting with praise for the American army and its services in the war.

Arriving at the south entrance of the state department to pay his respects to Secretary Hughes, the marshal found a double line of state department employees flanking his way through the corridors. Hand-clapping and applause greeted him.

Called on Pershing

After a few minutes in Secretary Hughes' office the French soldier emerged and went to General Pershing's office, where he paid his formal call upon the American soldier and former comrade in arms with the late intelligence equal to that of the French leader, General Pershing.

Even under this deplorable condition I do not think things are as bad as Mr. Edison said when he stated "No man can write a self-censored fact so plainly that two per cent of the people can understand it."

Legion dinner for Bertrand.

Date of dedication of Liberty Memorial to be decided later.

Notables of Five Nations Will Attend

KANSAS CITY, Mo.—"Kansas City or Bust" became the slogan of the American Legion as its members moved upon the city for their annual convention which begins Monday.

From east, west, north and south by rail, by air, by motor and afoot came the legionnaires, all drawn to one central point by the bond of comradeship.

Meanwhile, speeding westward were the foreign notables headed by Marshal Foch of France, commander-in-chief of the allied armies, who are coming all the way from Europe to renew ties made and fostered during the world war.

Biggest Ever Held

The convention marks the biggest event in point of numbers of delegates and veterans ever held in the United States.

The unusual assemblage of distinguished persons of our own and other countries, and the unusual entertainment features combine with the one-cent-a-mile rate granted by most of the railroads of the country to insure one of the largest gatherings of people ever entertained in a city.

A continual round of entertainment will be provided the visitors by the citizens of Kansas City, and by the Legion branches of the city. Football games, carnivals, fairs and polo games are being arranged, and the profits will be used for providing free entertainments, such as dances and receptions.

Mrs. Ernestine Schumann-Heink will sing to the veterans and visitors, and will be a prominent guest of the convention.

DECLARES AVERAGE PERSON HAS MIND OF A 13-YEAR-OLD

CHICAGO, Ill.—The average intelligence of the people is about that of a 13-year-old child, Prof. Robert H. Gault told a psychology class at Northwestern university Friday.

However, he took issue with Thomas A. Edison, saying we are not so dumb as Mr. Edison has said.

"It has been authoritatively stated that the general population has an average intelligence equal to that of the thirteen-year-old child," he said. "But even under this deplorable condition I do not think things are as bad as Mr. Edison said when he stated 'No man can write a self-censored fact so plainly that two per cent of the people can understand it.'"

SINN FEIN WOULD BRING ULSTER INTO A UNITED IRELAND

Final Demands of Delegation at London Conference Reported to Have Been Made

GOVERNMENT DECLARES THAT ACCEPTANCE IS IMPOSSIBLE

Irish Terms to be Discussed by Cabinet Over Week-end

LONDON.—Final demands have been presented by the Irish Sinn Fein delegation attending the Irish conference here, it was reported in London Saturday. These demands, if conceded, would involve abrogation of the act which gave the Ulster government control of the six northern counties in Ireland, but it was asserted the government had indicated that acceptance of these claims was impossible. The issue has been referred to Dublin, according to the report and it was implied that the final answer, which is expected by Monday at the latest, will probably be unfavorable.

Views expressed by newspapers here certainly were not encouraging. There appeared to be an agreement by political correspondents that Ulster rather than sovereignty over Ireland was the crux of the situation.

The Star says: "Chief among the demands presented at the conference is one that six northeastern counties of Ireland shall either come into a United Ireland or accept the verdict of a plebiscite for the fixing of new boundaries."

British representatives in the conference will, it is understood, consider the Irish terms over the week-end at Chequers Court, the suburban home of Premier Lloyd George. It is improbable, however, that a definite decision will be reached until after Monday's debate in the house of commons, upon which it is believed, the fate of the question of peace depends.

MUCH TERRITORY YET UNREPORTED IN S. A. CAMPAIGN

Salvation Army Fund Past Half of Quota With Country and Factories Not Yet Counted

WITH the country districts, most of other sources of support not yet included as figures as to the total sum contributed by La Crosse to the Salvation Army's appeal for funds were available Saturday. But at headquarters of the campaign it was said that considerably more than half of the quota of \$4,300 had already been counted, and that the amounts known to be outstanding would swell the final count considerably.

The leaders of the appeal in West Salem, Holmen, Rockland and Milwaukee were to make their big efforts Saturday, and several hundred dollars was confidently expected from the optimistic reports of the confidence placed in the Salvation Army by the rural people, and their willingness to aid the work.

PARIS.—Premier Briand and the other members of the French delegation to the Washington conference on limitation of armaments and Paris Eastern problems sailed for America Saturday on the liner Lafayette.

SOVIET GOVERNMENT TO RECOGNIZE DEBTS OF IMPERIAL RUSSIA

RIGA.—By The Associated Press.—Official confirmation that the Russian soviet government has agreed under certain conditions to recognize the foreign debts of the imperial Russian government was received here Saturday through the Rosta official bolshevik news agency.

Soviet Russia's recognition of the debts, M. Chicherin's note said, is conditional upon the great powers concluding final peace with and recognizing the soviet republic.

RULES STRIKES MUST HAVE O. K. OF THE BOARD

Decision on Wednesday Hearing Issued by the Federal Labor Board on Saturday

ROADS TO PUSH APPEAL FOR ANOTHER WAGE REDUCTION

Unions Rest on Pledge that Further Cuts Will Not be Considered Now

CHICAGO, Ill.—(By The Associated Press.)—The United States railroad labor board Saturday in effect forbade railroad union labor from striking without the board's permission and declared that all strikers who violated the order would be classed as outlaws who had voluntarily removed themselves from the protection of the transportation act.

In its decision in the hearing held Wednesday to determine the responsibility for the general strike threatened by the Big Four brotherhoods and the switchmen's union, the board made three findings:

First, that all such disputes must be referred to the board before any action is taken.

Second, that any interruption of traffic would be a blow aimed at the peace, prosperity and safety of the entire nation.

Third, that any union going out on strike will forfeit its right and the rights of its members in all existing contracts and lose all benefits accorded by the transportation act.

Last Word of Board

This was the board's final statement on the threatened railroad strike. Toned down considerably from the first draft, prepared before the unions had called off their threatened strike, the decision still set forth in plain language the board's determination to assert the maximum power allotted to it under the transportation act.

Every dispute involving changes in wages, rules, working conditions, etc., must be referred to the board, and no action taken by either side until authorized by the board, the decision says.

CHICAGO—Peace reigns in railway circles, but the issues which threatened war are yet to be disposed of.

The rail strike scheduled to start Sunday morning was called off shortly before midnight Thursday. Less than twelve hours later, however, railroad executives declared intention to press the 10 per cent additional wage reduction proposal, which, added to other grievances, provoked the walkout order.

"Our program for the immediate future as announced Oct. 14, remains unchanged," said Samuel M. Fellou, president of the Chicago Great Western railroad executive committee. "Only a further reduction of wages will restore prosperity."

Samuel O. Dunn, editor of the Railway Age, supported this contention. But the plans of the railroads as thus revealed seemingly were no air, for the heads of the "Big Five" brotherhoods. They said they had expected such announcements, but were resting easy in what they believed to be assurance from the United States railroad labor board that no action will be taken for some time. And the pledge of railway executives not to move without authority of the board added to the sense of security, the union chiefs said.

W. G. Lee, president of the Brotherhood of Railroad Trainmen and chief among the brotherhood leaders as a proponent of peace, said last night:

"So far as I am concerned, when I addressed the joint meeting of brotherhood general assemblies Thursday night and urged action of the resolution declaring the strike off, I acted with full knowledge of what the future attitude of the railway executives would be."

"Of course they will continue to ask for the 10 per cent wage reduction. We expect that, but Mr. Hooper in the statement issued Tuesday night said the labor board docket is crowded and that there is no danger of immediate action. This assurance was sufficient to avert a threatened calamity; the same assurance is adequate now."

FEDERAL SURVEY OF SCHOOLS IN SPARTA IS NOW UNDER WAY
U. S. Bureau of Education Sends Women to Make Report, Following Board's Request.
SPARTA, Wis.—The Monroe County Telephone company have nearly completed the installing of the exchange at Catawag. This will be in charge of Mrs. John Bolton. There are about 115 subscriptions to this new Catawag district. The company thought by putting in a central station at Catawag they could give better service on the farm lines. Three metallic trunk lines have been put in, connecting the Catawag and Sparta exchanges. This service will be free to all subscribers, and to those who are not, a toll of ten cents will be charged.
Mr. Reffelaugh and Mrs. Fernandez, of Washington, D. C., representing the United States government bureau of education, have arrived in Sparta to make a survey of school conditions here. They came in response to a request for their presence, made at the annual school meeting in July. Probably they will be at work in the city about three weeks, making their survey and getting their reports ready. At the adjourned school meeting to be held Dec. 6, their report will be read, and their recommendations will be submitted to the school board of education and also to the national board.
Wesley R. Soper of Catawag died in St. Mary's hospital, Tuesday morning. Funeral services were held Thursday afternoon from the home, at 1 o'clock and at 2 o'clock from the Catawag church. Interment in the Catawag cemetery. A wife, a son and a daughter survive him.
Mrs. Michael Kroner died Sunday at her home in Gales Valley after a lingering illness. She was 55 years of age. Funeral services were held Wednesday afternoon at 2 o'clock at the Lutheran church in this city, and burial was in the Woodlawn cemetery.

GALE CONVICTED OF ARMY DESERTION
NEW YORK.—Liam A. E. Gale, former Albany newspaperman and one time state employee, was convicted Friday by a court-martial of desertion from the army as well as on two charges of sedition publication.
The general court-martial sitting at Governor's Island recommended a sentence of seven years at hard labor, as well as the customary dishonorable discharge from the army and forfeiture of all pay and allowances.
"MILLIONAIRE KID" GETS THIRTY DAYS IN JAIL
MILWAUKEE, Wis.—Raymond E. Fox, of Racine, known as the "millionaire kid" and the son of Conrad Fox, Racine business man, was sentenced to thirty days in the house of

correction in district court, Friday. Raymond pleaded guilty to passing two worthless checks for \$400 and \$75 respectively, on Charles Belling, taxi driver.
"I shall not make restitution," said Raymond's father to Assistant District Attorney Louis Koenig. "It will be better for Raymond to be put to work. I am tired of making restitution."

FATHER AND SON WEEK IS SET FOR NOVEMBER 6 TO 12
MADISON, Wis.—Father and son week is designated by Governor Blaine in a proclamation Friday as the six day period from November 6 to 12. The governor says that communities will observe the week in their own way and according to their own practice and custom.
"It has become customary for the governor to issue a proclamation for a week commonly designated as Father and son week," Gov. Blaine says. "Father and son usually lack the opportunity for a close fellowship, because the father is busily engaged outside the home. Any means by which the father and son can be brought together promotes a good fellowship between them and between all fathers and sons."
"Good fellowship develops co-operation, gives inspiration to the junior members of the family to submerge that which is either narrow or selfish and make important that which leads

FINAL ACTION ON TAX BILL DELAYED UNTIL NEXT WEEK

Senate Plans to Recess Late
Saturday Afternoon to
Monday

ABANDON HOPE OF REACHING
VOTE BEFORE NEXT SATURDAY

Capital Stock Tax Fight Comes
in Saturday Session

WASHINGTON, D. C.—Republican senate leaders conceded Saturday that there was no possibility of passing the tax revision bill this week. They also indicated that there was little prospect of maintaining a quorum for a night session of the senate.

A number of majority senators were absent from Washington and as the democrats generally were opposed to night meetings the plan was to recess late in the day until Monday. The work on the tax bill is far from finished and some leaders on both sides of the chamber doubt that a final vote on the measure can be had much before next Saturday night.

Immediately upon convening the senate launched into the capital stock tax fight, having before it the amendment to retain this tax which the finance committee proposed to repeal on January first. As usual a quorum was maintained for only a few minutes but Senator Stanley, democrat, Kentucky, forced a roll call so as to get absentees back into the chamber. Senator Reed, democrat, Missouri, opened discussion, taking up the Lodge amendment to the compromise amendment. He said the Lodge plan "should be entitled 'An amendment to exempt holding companies from the capital stock tax.'"

Income tax returns made to the treasury by corporations and individuals would be open to inspection at the request of either house of congress under an amendment adopted by the senate without a record vote.

EIGHT LIQUOR CASES ARE MISSING FROM HOESCHLER STOCK

Mystery surrounds the loss of about eight cases of liquor of the stock which was replaced at the Hoeschler drug store Saturday morning, according to reports received here.

The entire stock of the Hoeschler store was confiscated last week and when checked out showed a stock of thirty-two cases and part of another. An inventory of the stock when returned to the store Saturday morning revealed that there were eight cases short. Mr. Hoeschler is at a loss as to what became of the liquor.

NO FUNDS FOR CITY COMFORT STATION NOW

(Continued from page one)

Plan was discussed with interest and the delegates were practically unanimously opposed to the provisions of this bill and refused by unanimous vote to authorize the appointment of a committee to confer with a committee from the city superintendent's association in a proposed effort to work out another similar bill for presentation to the next legislature.

Home Rule Amendment

Mayor Houn, Milwaukee, opened the discussion of "Pending constitutional amendments," one of which was the home rule amendment which entitles the powers of the city council, assuring them complete control of all local affairs except as may be determined by general state laws applying to all cities and classes of cities uniformly.

Among other important matters discussed at the meeting was the suggestion of J. D. Mack, state chief engineer, setting forth the desirability of having uniform and standard specifications and uniform plans always available to the bidders contemplating bidding on public work.

The league also discussed the employment of policemen in many cities where they are employed, relating to the efficiency of women members of the police force. The platform system for fire departments and a more intelligent system for street numbering were discussed.

Obituary

JOHN BREISKE

SACCO AND VANZETTI SEEKING NEW TRIAL IN BAY STATE COURT

Heavy Guard Placed About Dedham Courthouse During Hearing for Re-trial

DORHAM, Mass.—A motion for a new trial for Nicola Sacco and Bartolomeo Vanzetti, convicted of murder in the first degree for the killing of a paymaster and his guard at South Braintree in April, 1920, was heard in the Norfolk county superior court Saturday.

Police guards, mounted on horses, motorcycles and on foot, were thrown about the courthouse and inside the building a heavy guard was on duty. Deputy sheriffs and local police guarded the entrances to the building with instructions to search all spectators for weapons. Hot guns were held in reserve.

The case has been the subject of bomb, speaking and marching demonstrations by radicals in the capitals of Europe and South America. Sentences of the men has not been imposed pending determination of the motion for a new trial and pending motion also on exceptions to rulings and evidence which caused for the decision have been given until December 1 to prepare.

Vanzetti, who is under a ten-year sentence for a holdup at East Bridge, water, was brought here from Boston. The transfer of the prisoners from the jail to the court house was effected under heavy guard.

Pig Turns Up a Copper Mine

The Calumet hole, the greatest of all copper mines, was discovered by a pig. The animal was rooting around the yard back of the building house kept by its owner when it revealed a lot of copper minerals in a hole, which is supposed to have been an ancient Indian cache. This led to an investigation of the land in the vicinity and that resulted in the location of the great copper deposit.

A Monster of the Deep

The Colman whale, which is found in the Pacific, has a peculiar preference for deep water and is called the bottom whale by many sea-going men. It is frequently more than 100 feet in length and is regarded the many as the largest mammal that ever lived.

INDEPENDENTS IN THE LEAD ON EARLY RETURNS IN DAKOTA

Nestes Has 25,000 Majority
With Over Half of Precincts Reporting

VICTORY BY TEN THOUSAND
CLAIMED BY INDEPENDENTS

League Counties Still to be
Heard from

FARGO, N. D.—By The Associated Press.—R. A. Nestes, independent, was leading Governor L. J. Prosser, Nonpartisan, by nearly 25,000 in returns from 1,254 of the state's 2,091 precincts, officially tabulated Saturday by independent newspapers from Friday's recent election aimed at Governor Prosser and two other state officers endorsed by the Nonpartisan league.

While the independents were claiming victory for their candidates by majorities averaging 10,000, the Nonpartisan state headquarters here insisted in the Associated Press that further returns from the Missouri slope counties, admittedly league territory, would be necessary before the final outcome could be known.

Returns from 1,231 of the state's 2,091 precincts compiled through unofficial sources gave the standing just before noon today as:

R. A. Nestes, independent, 90,002; Governor Prosser, 65,955.

These returns were from all but four counties in the slope district.

It was admitted unofficially in Nonpartisan league quarters here that only a marked increase in league majorities in the unreported precincts could stop the rising tide of battles threatening to end the supremacy of the league in its own birth state.

COWBOYS ON LONG JOURNEY APPEAR AT ELKS' TONIGHT

Men Making Horseback Ride to
New York from Wyoming
Guests in City

Over half of the way toward their goal, R. T. Meurs, known back in Jackson Hole, Wyoming, as "Wild Horse Sam," D. M. Steele, who has earned for himself the moniker of "Slap Jack," Steel, and H. E. Leslie, Johnnie Steele as "Mulligan Pete," arrived in La Crosse Saturday afternoon. "Curly" Ward, advance man, arrived in the morning and was busy this afternoon making arrangements for the accommodation of his pals.

The three cowboys are traveling from Yellowstone Park to New York city on a wagon to complete the journey before January 1 without having spent a cent for tobacco, accommodations, food or horses. They may trade their horses in case of necessity but they must not spend money. They will be given accommodations tonight in this city.

At 9 o'clock tonight the cowboys will appear at the Elks' club as guests of the lodge. Elks and their wives are invited to attend the entertainment.

FOCH WELCOMED TO AMERICA TODAY BY PRESIDENT HARDING

(Continued from page one)

It was possible for the distinguished French visitor to pay his respects to the civilian head of the war department after his call on General Pershing.

The marshal's program for the day included a call on former President Wilson.

When the marshal called at the home of the former president, however, Brigadier General W. D. Connor, honorary aid to the marshal, was told that Mr. Wilson's physicians had given instructions that it would be inadvisable to receive any visitors. The marshal thereupon sent in his card.

Wilson Not Receiving Visitors

The marshal on calling at the home of the former president was informed through Brigadier General Connor, who is acting as honorary military aide, that Mr. Wilson was not receiving visitors. Inquiry later developed that the former president had suffered a slight digestive upset.

The marshal returned to the White house for luncheon with President and Mrs. Harding. The other guests included Ambassador Jusserand, Secretaries Hughes and Denby, General Pershing, Admiral Coughlin, Major General Lejeune, commander of the marine corps, Under Secretary Fletcher and Third Assistant Secretary Bliss of the state department; President, Board of the International Veterans' association, and Franklin D. Oiler, former national commander of the American Legion.

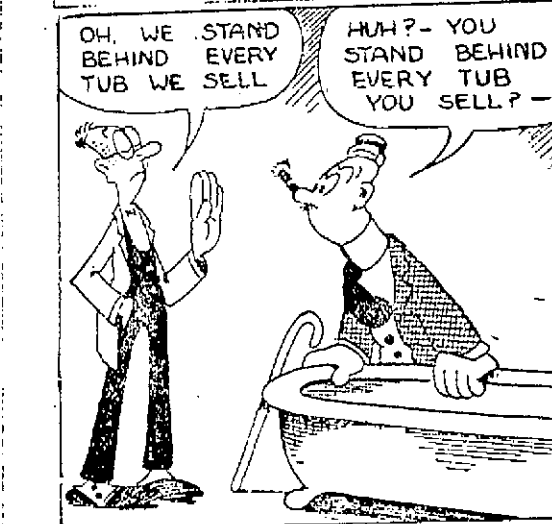

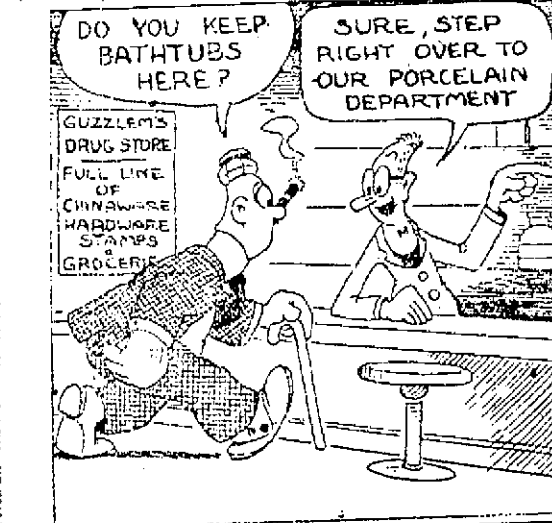

Surrenders to Dry Law

Marshal Foch will observe the letter and spirit of the prohibition law while in the United States. While diplomatic precedent would permit him to bring wine and liquor into the country for his personal use, Dr. Paul Andre, his personal physician, declared that the marshal intended to follow the American custom of taking only water with his meals. No wine nor other liquor is being carried in the marshal's luggage, the physician said.

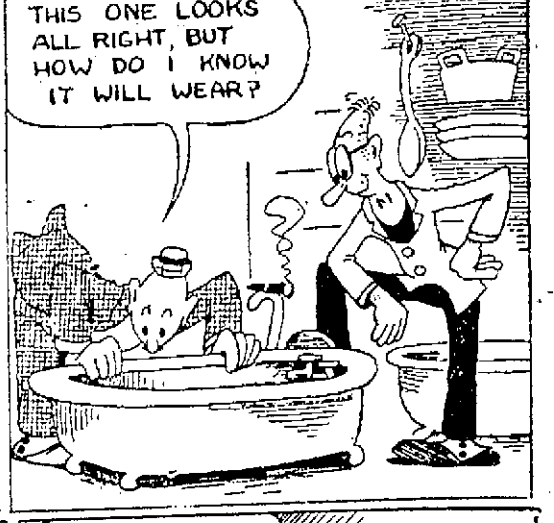

Poverty Made Him Think of the Blanket

Away back in 1940 the first blanket made was made use of and it was due to the condition of a man, reduced to poverty who was driven to make use of a piece of rough, unfinished cloth to keep himself warm. This was Thomas Blanket and the incident led to the manufacture of blankets which has been going on ever since.

TEXAS STRIKE STILL ON

HOUSTON, Tex.—A meeting of the general strike committee of the striking trainmen on the International and Great Northern system has been called for Monday morning in Houston.

The call for the meeting was issued by J. D. Frame, general chairman of the International and Great Northern brotherhood of trainmen, who is now enroute from Chicago to Houston. The trainmen are of the opinion that the meeting will discuss a settlement of the strike. Until the strike is officially called off the striking trainmen will remain on strike. Sheppard denied that striking trainmen have returned to work.

CANADA TOWN FLOODED

Islands While You Wait

The surface of the Pacific ocean may be smooth as its name indicates, but its bed is troubled as indicated by the great number of volcanic islands which dot its surface. It often happens that these islands appear suddenly and mysteriously. Sometimes they remain in the case of the Hawaiian Islands and then again they disappear as suddenly as they came.

No doubt that these will serve their purpose was expressed in any quarter. "I expect the unions to follow the counsel of the committees, so there will be no sporadic outbursts in any quarters," said President Lee of the trainmen. "Last year (during the unauthorized switchmen's strike) there were such sporadic outbursts, but, as a result, the chapters of ninety-three locals were withdrawn and more than 25,000 men suspended."

"The men know the committees here would accept nothing that was not for the best interest of the organization."

Gives Credit to Hooper

"I am very happy that this has been settled. But, so far as I am concerned, all the credit for settlement is due Gov. Hooper and the manner in which he conferred with us."

"When I think of the hundreds of letters on my desk from old members of the brotherhood, from their wives and children asking me to do everything in my power to avert a strike, I am glad they have been spared the suffering that would have resulted."

"There is no doubt that, if the settlement had not been made, the men would have left their jobs and some would never have returned."

ONE MILKMAN FINED PRODUCT WAS DIRTY ANOTHER ARRAIGNED

Two milkmen were arrested on charges of selling adulterated milk, and were arraigned before County Judge Brindley Saturday. Fred Prosser, Mormon Coulee, was fined \$25 and costs for selling milk that a state inspector and Health Officer Murphy found to be dirty. He pleaded guilty to the charge. Henry Dennison, town of Shelby, charged with selling watered milk, pleaded not guilty and the case was adjourned a week.
